

**Guus Schoonman**

Guus Schoonman is working at the Neurology Department of the Leiden University Medical Centre. He obtained his MD in 2000 and his PhD in 2008 for the study of trigger factors in migraine. His main research focus is the pathophysiology of migraine in relation to the exposure of trigger factors. Since 2001 he has served on the IHS Trainees and Residents committee and in 2010 he was appointed Chairman of the Education committee. Educational programs are continuously provided, including the 'online learning centre' and the 'headache master school'.
